

Business Analyst

Fulltime Zurich

About Us

B3i is a growing and dynamic business operating in the global insurance market. We are at the forefront of bringing real innovation into the industry through Blockchain solutions which we believe will transform the industry.

Our vision is simply to **make insurance more relevant, accessible and affordable**. We have a flat management structure with a start-up mentality and are very ambitious; we want determined and enthusiastic people to share our vision and join us on this journey of innovation.

What you will bring on a professional level

- Experience with functional design of Blockchain applications
- Experience with quality assurance and user testing
- Experience with Agile (software) development

What we offer

B3i offers a competitive Salary plus Bonus including flexible working time and location, no limited holidays, gym membership, sabbatical programme. You will work with a great bunch of people who are really making history in central Zurich.

To apply for a job please send your CV and a covering note or short digital video/ audio clip to jobs@b3i.tech.

Disclaimer

Notice for recruitment agencies

B3i does not accept speculative CVs. We will only review CVs sent with an application for an advertised post. Any unsolicited CVs received will be treated as the property of B3i Services AG and Terms & Conditions associated with the use of such CVs will be considered null and void.

What You Will Do

- Support the Product Owner to develop and deliver functional product definitions and steer the delivery using Agile methodology, including
 - Capturing business requirements and documenting them as functional requirements as part of user stories
 - UX Design and usability testing
 - Quality assurance – able to test functional requirements have been delivered, test management an advantage
- Supporting the functional architecture for B3i's products, including
 - Data sources/ oracles
 - External products/services

and on a personal level

- A sense of humour will help especially when the going gets tough
- Some grit, resilience and persistence – changing the insurance industry is not easy
