

Product Owner

Fulltime Zurich

About Us

B3i is a growing and dynamic business operating in the global insurance market. We are at the forefront of bringing real innovation into the industry through Blockchain solutions which we believe will transform the industry.

Our vision is simply to **make insurance more relevant, accessible and affordable**. We have a flat management structure with a start-up mentality and are very ambitious; we want determined and enthusiastic people to share our vision and join us on this journey of innovation.

What you will bring on a professional level

- Sound comprehension of Business Network Delivery
- Strong ability to convey and apply the specific features of DLT Business Network Delivery
- Proven track-record of leading and working in innovative product and agile software delivery

What we offer

B3i offers a competitive Salary plus Bonus including flexible working time and location, no limited holidays, gym membership, sabbatical programme. You will work with a great bunch of people who are really making history in central Zurich.

To apply for a job please send your CV and a covering note or short digital video/ audio clip to jobs@b3i.tech.

What You Will Do

- Responsibility over and functional lead of the B3i Distributed Insurance Network delivery, including business planning and approval, design, and quality assurance
- Developing and maintaining the functional architecture for the B3i Distributed Insurance Network delivery, including requirements, data structures, required data sources/ oracles, external products/ services
- Supporting the CPO in including final go-live decisions
- Part of the Functional Leadership Team and reporting to the Chief Product Officer

and on a personal level

- A result driven highly motivated person who wants to achieve the unbelievable
- Being authentically, fair, open minded with a winner attitude
- Some grit, resilience and persistence – changing the insurance industry is not easy
